

Frank House Update - November

The build up to house music was interesting and everyone was very enthusiastic. Fortunately we were able to scrape together a performance piece and considering the fact we had 2 full practices. We had a great turn out for our house music choir and had over 60 people take part. Thanks to Emily and Louis for hosting such an amazing event! Everyone really enjoyed the night but our SLG choir was obviously the best performance of the night! We continued with the house music theme to create our canteen playlist.

We did well in the staff house quiz considering we only had a few teachers participate and unfortunately Mrs Callaghan was unable to help answer the questions she set!

We have met with our house leaders to shortlist our final 3 charity nominations. They were Luton and Dunstable Paediatric Ward (local), Cancer Research (National) and Unicef (International). We chose these charities due to a number of strong links people had with these charities within the house.

We still collecting money from our Race For Life event and as it stands we have raised just under £3000.
