

Scott House Update

During the last half term before Christmas Scott house had their main event with their charity week. The week turned out to be a success following the house leader's decision to run one big event rather than lots of small ones. We used the big inflatables in the sports hall and ran our very own 'Scott House Ninja Warrior Challenge!' The event ran over a lunchtime during the week and was set up for year 7 and

8's to take part. All the house leaders took on their own responsibilities including making advertising posters, bringing in cakes for a cake sale, creating educational posters about Scott for the queue line and helping to set up and put away the equipment. The event was a huge success with a huge amount of participation and all together raised around £250! Also during the week we had lollipop sales raising around £100 and previous to our charity week Mrs Wilkins has organised 2 year 7 discos which have raised a total of £600. The involvement from staff and students this year has been amazing and it's made our job so much easier and more enjoyable to do!

Scott house has shown a great deal of determination this past half term with all house events. Scott sixth form came first in the house art competition, in the staff bake off we came fourth and overall at the end of term Scott house were in 5th position in the house points table. There are lots of events coming up over the next half term including:

- University challenge
- Year 7 speed stacking
- Cadbury fashion show
- Year 8 cheerleading
- Inter Maths Challenge

We just hope that as many people as possible are keen to get involved with the events that are being put on and hopefully we do well from them! We have both been very impressed with the commitment from all forms for the house identity sessions and we look forward to meeting with all our house leaders to narrow down our options ready to present them in the next house assembly!

Also a very well done to our school captains, Emily and George, who put on an amazing evening at the Sportsman's dinner. The speaker they managed to get was great and everyone involved had a great night!

Scott's party at the South Pole, 18 January 1912. I. to R: (standing) Wilson, Scott, Oates; (seated) Bowers, Edgar Evans.
