

Wilberforce House Update

December was a great time for Wilberforce as it sealed off a great first term, and has set us up for success in this new year. Having won multiple house events/competitions, and still won points in competitions which may not have gone our way, we are very happy that in the overall standings, we are positioned in second place and still keen to push forward into first.

Our last term saw the Wilberforce staff go baking mad in the House Bake Off, gaining a very well deserved 5 points towards the total house points, so well done to Miss Ellis and all of the other Wilberforce keen bakers! We also saw the return of House Art, where Jemma Hodgson produced a fantastic piece of work which really stuck with Wilberforce's core values.

We saw off 2016 by producing a Christmas video, where we asked Wilberforce tutors to nominate a student from their form who they believe has done something inspiring, participated in a house event or any other reason which they saw fit. We gave each of the nominees a chocolate bar, but also rewarded each form for their efforts in the first term.

Looking forward, we are very hopeful of doing well in the Year 9&10 and Staff spelling Bee's (23rd January and 26th January), as well as smashing the University challenge which commences the week beginning 23rd January.

We have been consistently working on improving our House Identity by providing Olympic, and Aspire values and we hope that the sections of the identity will run as smoothly.

Well Done Wilberforce!

Will, Harriet and Tom
