

House Update - October 2016

- House Choir's underway with a great turn out and plenty of enthusiasm.

- We need all SLG members to bring up the raffle we're planning for our charity week during House Music, we need as much involvement as possible. We're also hoping to sell things like glow sticks and flags.

- We had a successful assembly and produced a video trailer to advertise House Music to our forms. We introduced our new House Captains and encouraged students to sign up for the choir. Year sevens got their first Wilberforce badges.

- We've visited forms almost every day to talk about the upcoming events, to boost the spirit.

- We're planning for House Charity week with the hope that this year we'll get more individual efforts from students. We have three Saturday carwashes planned and we'll be

making tea for the rugby spectators.
