

Mandela House help celebrate disadvantaged girls' birthdays

In November we put together a Thought for the Week. This raised awareness for the Unique Home for girls and the fact that, due to being orphaned, they do not know all their birthday dates.

The Unique Home host a shared birthday on 24th April. To help them to celebrate we asked all students to make birthday cards for the girls. In total we received 172 cards (as shown in the photographs). The cards were beautiful and shared some poignant messages.
