

Super~Curriculum Tasks

Year 9

Super~Curriculum

At Roundwood Park School we want to encourage you all to become confident and assured learners, or scholars perhaps. Learning does not just happen in the classroom. If you are to achieve mastery in any subject or you want to follow up a passion that you have, you will need to go beyond the activities in the lesson time. We have developed this booklet of super-curriculum tasks so that you have many ideas of what to do.

Completing these tasks will help you to develop many Aspire habits. You will become a more resilient, ambitious and independent learner. Developing these habits will help you to mature and become ready for study at GCSE and for lifelong learning in the future.

Most importantly, you will also have lots of fun along the way. This booklet is filled with exciting things to do, read and find in your own time. Some tasks may involve your whole family. You may even discover things that your teachers do not know, so be sure to share what you learn when you are back in school! When you have completed tasks in a given subject, please tell your teachers.

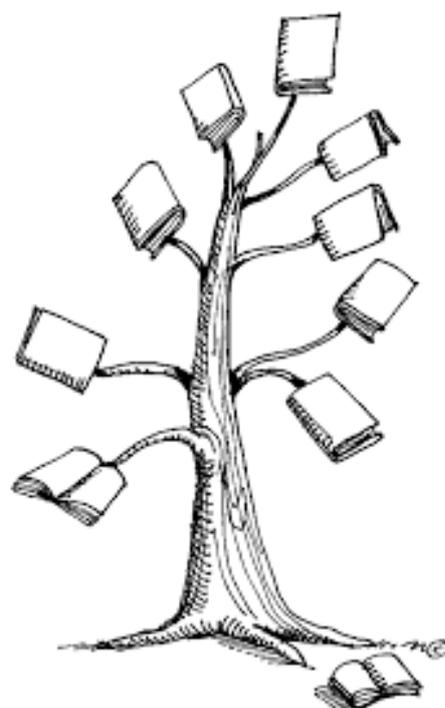

Good luck, and have fun.

Mrs Martin
