

SUMMER INTERNSHIPS 2021

Live Q&A
Wednesday
24th March
7pm (GMT)

As students look forward to a summer of making up for lost time, we have been inundated with questions about our [Summer Internships in London](#). We are therefore inviting parents and students to join us for **InvestIN Answers: a live, interactive online Q&A on Wednesday 24th March**.

This is a fantastic opportunity to learn more about the ultimate work experience we offer. The event will include:

- Footage of the life-changing experiences on offer
- Insights from professionals leading the Internships
- Iconic companies and industry sites students will visit
- Accommodation and other options

The event will take place on Zoom.

Nuffield Research Placements

Experience Social Science Research in Action

STEM Learning are offering the opportunity to gain key quantitative social science research skills by taking part in a Nuffield Research Placement. Social sciences cover a diverse range of topics, and have a major influence on government policy and population behaviour.

Students are offered their very own research project, working alongside professional social scientists.

Students will also take part in online module assignments designed to develop their essential professional, research, data and numeracy skills

Throughout my project I was able to talk to my supervisor for guidance and was free to ask any questions if I was ever unsure about anything. The placement was a truly unique experience and being able to carry out a project by myself was an amazing opportunity. I learnt so many skills from this experience and I was given a really interesting project.

- Previous Nuffield Student
