

RMTM Unify

“**RM Unify** is your Launch Pad to the Cloud – a single sign-on system, application library and management console designed specifically for education. **RM Unify** enables your school to access online services easily.

Log in just once to access email and other online content.

The RM Unify launchpad is available online anytime, anywhere, so learning is no longer confined to just the classroom.”

RM Unify is the schools Single Sign On service, that provides students with a single central point to access their school accounts.

To sign in students should go to:

<https://roundwoodpark.rmunify.com>

and use their school username and password

What is EduLink One?

EduLink One provides an integrated school information platform which draws together a range of existing schools systems with an engaging user interface and allows parents to communicate and access information about their child in one place.

What information can EduLink provide me with?

Features parents will find useful include:

- Achievement - Will show any Student Achievement Rewards awarded for achievement
- Attendance - You can view statutory attendance statistics
- Behaviour - This will give you access to the behaviour records for your children
- Contacts - This screen will show you the contact information we have for yourself
- Documents - You can view reports for your child and any additional documents linked to them
- Student Info - This screen will give you general information about the selected child, such as contact information, DOB, tutor etc
- Timetable - Displays your child's lesson timetable
- Update Information - Keep the school up to date with your current contact information. Parents can access and edit their contact details and their child's information and consents. (Note: This data can be accessed by any parent with Parental Responsibility and an EduLink log-in)
- Links - You can access useful links from within EduLink including the school website, ParentPay and the school calendar
- Absence - You can report your child's absence from school due to illness each day, easily, in just a few clicks. You will also be notified via email if your child is late or absent from school

What is Show My Homework?

Show My Homework is an online homework calendar showing homework information, deadlines and attachments for students. All homework set by our teachers will be displayed online using Show My Homework. The benefits of the system for students are:

- See all of your homework at the click of a button
- A personalised experience to help you stay organised
- All homework details are accessible 24/7, long after the school bell rings
- Smartphone app available from Apple App Store and Google Play Store
- Automatic due date reminders when using the mobile app
- Translation into 50+ languages.

Google Classroom

As a guardian, you can get email summaries about your student's activity in Classroom. Email summaries do not include grades. For grades, ask your student or contact the teacher.

In email summaries, you can review:

- Missing work—Work not turned in when the summary was sent.
- Upcoming work—Work that's due today and tomorrow (for daily emails) or that's due in the upcoming week (for weekly emails).
- Class activities—Announcements, assignments, and questions recently posted by teachers.
- If there's no activity to report or if a teacher turns off email notifications, you might not get an email summary.
