

**Year 7**

Should humans leave Antarctica alone?

Around the world in 80 days

Map Skills

Rivers and flooding

Bangladesh Flooding

Location, location, location

Historical Harpenden

**Year 8**

Money makes the world go round

Economic activities

Food security & solutions

Endangered species project

Migration

**Year 9**

Our changing population

Energy, Plastics, palm oil

Environmental concerns

Impact of primary activities

Risky World

Volcanoes

Glaciation

Coasts

Coastal management

Developing World

Weather & Climate

Ecosystems

Deserts

Choose Geography GCSE?

No

**Year 10**

Climate change

Tectonic hazards

Yes!

Paper 1 A: The challenge of the natural environment

Lagos & London

Paper 2 A: Urban Issues and Challenges

Paper 1 C: Physical Landscapes UK

Rivers

Coasts

Urban issues & challenges

**Year 11**

Paper 3 B: UK Fieldtrip  
Wales  
Regeneration & coasts

Paper 2 B: The Changing Economic World

Development

Nigeria

Paper 1: Living World Ecosystems

Paper 2: The Challenge of Resource Management

UK Food Supply
